Dear Tony –

I know you are overwhelmed, but the attached whitepaper on a vaccine-development idea might be worth a look. You may remember Chad Mirkin as a member of the Obama PCAST whose extraordinary contributions across a range of science and engineering issues have landed him in the NAS, NAE, and NAM, among other distinctions—a very smart guy.

Aside from that, thank you for your courageous truth-telling in the incredibly demanding situation in which we find ourselves.

My best,
John
