Tony,

Watching the spread of the Coronavirus worldwide(?), I can't help but feel for you, as well as the world's population.

It must be both challenging as well frustrating to be unable to control every important "leak" and then watching the consequences.

I would think it's also sort of exciting, while also being horrible, given this is what you've trained for most of your professional life.

And, I would think that most of your other important works need to be put on hold?

Wishing you (and all of us) the best of luck,

Howard
