Francis:

You are correct about the Israeli vaccine. I cannot imagine that they would have a safe and effective vaccine deployable in 90 days.

Hi Tony and Larry,

See below for a new Health Care Resilience Task Force being convened by ASPR.

The initial meeting overlaps with our House approps hearing.

Tony, who shall we send to this one?

P.S. to Tony – I'm getting a lot of buzz about the Israeli claim to have fast track vaccine: <https://israelb.org/2020/02/israel-to-have-coronavirus-vaccine-within-3-weeks/> It looks to me that they are conflating having something ready to put into volunteers for a phase 1 trial, and having full scale production ready to go for the global needs. That still seems like it's a year away. Am I right?
