You are the voice of science and reason - and you seem to be able to get through to President Trump in a subtle way yet with a great deal of integrity. I don't envy you this gig - particularly with an administration that is so hostile to science, reason, and preparedness on the federal level.

The more you can explain why this might not be the place to put federal resources right now, the better. Friends of mine are buying it off label in Mexico now, and as a biologist and medical educator I find this alarming.
