**Subject:** Coronavirus Questions for the Office of the Surgeon General

Dr. Fauci,

I am (b) (6) the antiterrorism and insider threat officer for the Office of the Surgeon General (Army) / U.S. Army Medical Command. I have been in government for nearly thirty-four years, and this is new to me. I see and hear the concerns of many people. You are the voice of reason for millions of concerned citizens. I have a few questions for you:

1. How do you recommend I reassure our staff on dealing with the stressors of COVID-19?
2. Can COVID-19 be contracted from a corpse?
3. If someone has been a user of Hydroxychloroquine for years, are they susceptible to contracting COVID-19?
4. Are masks and gloves truly effective, if so, why are so many medical professionals contracting the virus?
5. What is the most important thing we should be doing, other than social distancing?

Finally, what keeps you up at night, regarding COVID-19?
