Hi Dr. Fauci: I'm working on a story about WHO DG Tedros and the work that he's doing to contain the coronavirus epidemic. I'm planning on discussing a number of themes, including that responding to outbreaks has become the most visible job of the DG in the past couple of decades. I'd also like to explore the issue of how important it is that countries be as open as possible about disease outbreaks, and that it's the DG's job to encourage that and move countries toward greater transparency and participation in battling outbreaks. Would you care to comment on the job that Tedros is doing in these areas? Please give me a call at +44 2035 251028 or let me know when and at what number to call you. Thanks and regards, John Lauerman, Bloomberg News
