Dear Dr. Fauci,

I just wanted to say thank you for everything you are doing to educate us in this country, and keep us safe during this horrendous coronavirus pandemic. I can't even begin to imagine how difficult it is to maintain your composure and persevere with your focus, being constantly in the public eye and also trying to expertly guide a president who seems more preoccupied with his own image (and sound of his own voice), and political aspirations than with the actual well being of his country's citizens.

By now, it should be perfectly clear to us that we can't have a healthy economy without a healthy population.
