Subject: Consideration of IM COVID Immune Globulin for Prevention of COVID-19 Infection

Dear Tony,

I will always remember our amazing collaboration during the HIV/AIDS days in the 1980s, when I served as AIDS Advisor to Bob Windom, the DHHS Assistant Secretary for Health during President Reagan's administration. And now, I am delighted and amazed to watch you so adroitly maneuver the COVID-19 scientific policies and keep them front and center in the current White House!!

(b) (6), Michael Oxman, has worked with John Zaia at City of Hope, and a Mayo/Hopkins/Michigan State consortium for a trial of IM COVID-IG as a preferred method for treatment and prevention of COVID-19.

This week, Mike expects to complete the protocol for a placebo (normal IG)-controlled trial of IM COVID-IG prophylaxis in at-risk healthcare workers
