Dr. Fauci,

I am not sure you are aware, but there is already a point-of-care solution available for Coronavirus, and the Denver newsrooms have been reporting about it. 9News and FoxNews are all reporting about Aytu BioScience of Englewood, Colorado. The kits have already been used in China, and are immediately available to assist burden the testing time and backlog. Who do we need to inform of this already available option? Thank you.

Lindley Lee
