Dear Sir,
My GP friend, Dr P'ng is a genius. He has a radical idea for fighting COVID-19. Please find his idea, petition, projections and research attached to the petition. I told him he needed to get this in front of you and Bill Gates. Please consider it. I believe it is viable and the best shot we have. I know you are the expert but I think this is a viable way we can help save millions of lives!
Yours sincerely,
Stephanie
