Good Evening Dr. Fauci,

The virus is here. Seeing as this is likely to get worse before it gets better, I want to
be prepared to help people in my neighborhood when they start developing
symptoms and the hospitals are not ready for them.
How do you recommend I go about doing this. I am prepared to acquire a modest
stockpile of supplies to give to those suffering through this, but I am not entirely
sure what would be best. The hope is to take your information and pass it on to
those in other neighborhoods in the area, so we can come together and help as
many people as we can get through this pandemic.
Thank you for your time.
