Dear Dr Fauci,

Dr Murad sits on our BOD and has suggested that we contact you to help expedite a rapid testing of our product on the COVID-19 virus. I know you are probably overwhelmed but hope you might pass this along or suggest a strategy that would be a win-win for us all.

We have developed a non-alcohol based formulation that utilizes the nanomolecule nitric oxide (NO). as you know, NO is produced in our body and is our first line of defense against microbes. We have harnessed this in a patented formulation called nitric oxide releasing solution/gel (NORGS). We are focused on the development of products for chronic sinusitis, diabetic foot wounds, warts and toenail fungus.

However, internally & personally, we have been using NORGS as an extremely effective natural hand sanitizer and nasal spray to protect ourselves from the common cold and flu for years.

There are strong independent published research that NO is antiviral against Corona viral species. We have data showing definite virucidal characteristics and moderate antiviral effects in host cells.
