**Subject:** Positive COVID-19 test result for (b) (6)

I'm writing to share that we have received a positive COVID-19 test result of an (b) (6)

(b) (6) These results just came out of the 2pm test run today.

The (b) (6) supervisor is (b) (6). The person reported being symptomatic on 3/13/2020, contacted OMS on Monday, but didn't get scheduled for testing till Friday 3/20/20. I'm told (b) (6) continued to work (b) (6) even when feeling ill. I'm not permitted to share PHI, but I am told that OMS has notified the employee, and if they haven't done so already, OMS will contact the supervisor with general information regarding the person's general health status. They will not divulge a positive test result for COVID-19, but rather state a general health condition which precludes the staff member from working.

Since (b) (6) is working in (b) (6), I presume (b) (5) (b) (6), but please let me know if this isn't the case. ORF typically closes down the location for 7 days to allow environmental dissipation of contact surface contamination. I know this area is mission critical, so I will help you contact ORF about prioritizing cleaning procedures. We ask that you take great care in keeping that information as confidential as you can.

Thanks  
Colleen
