**Subject:** For review by 10:00 AM Weds: Peter Navarro coronavirus op-ed

Hi all,

Attached is a draft op-ed from the WH's Peter Navarro regarding the administration's coronavirus response – covering PPE, vaccines, therapeutics, and diagnostics.

There is a lot going on here so **we'd like to have edits/recommendations/affirmative clearance from FDA, CDC, NIAID, ASFR, and ASPR.**

**Please send edits to me and Tim Foster by 10:00 AM tomorrow (Wednesday).** Thank you!

Best,  
Patrick
