## French drugmaker Sanofi working on coronavirus initiative

### **CHINA-HEALTH/SANOFI (PIX):French drugmaker Sanofi working on coronavirus initiative**

PARIS, Feb 6 (Reuters) - French drugmaker Sanofi will announce a new coronavirus initiative within the next two weeks, its chief executive said on Thursday, adding that it wants to present something concrete and not add to "fantasies".

At least a dozen drugmakers are working on vaccines or antivirals to help those infected with the fast-spreading virus that has killed more than 500 people in China, but several have warned that development of treatments will take time.
