Hi Hillary
Late night for me on 2019-nCoV...
Shall we say before DrFauci? Then I'll know better how to get to him. 😊
Thanks a lot. Jason

Hi Jason,

Great speaking with you last week. I wanted to follow up to let you know that Yasmine Belkaid and Ian Myles—whose work we discussed on host-microbe interactions and developing a bacteria-based treatment for eczema, respectively—are willing to meet with you on Feb. 28.

Here are links to some background info:

- Dr. Belkaid's [lab page](#), and recent [NIAID press release](#) about a skin microbiome study from her lab
- Dr. Myles' [lab page](#), and [NIAID press release about findings from a Ph 1/2 trial](#) assessing the *R. mucosa* treatment for eczema

Dr. Belkaid is available at 1:30pm (her building is next to the Clinical Center, where you'll be meeting with Julie Segre I believe from 12-1ish). Dr. Myles' schedule is a bit more flexible, and he's currently available to meet either in the morning before you speak with Dr. Fauci or later in the afternoon after Dr. Belkaid (Dr. Myles is in the Clinical Center, about a 5 min walk from Dr. Fauci's building) – let me know if you have a timing preference. We can firm up times a bit closer to the date, but wanted to give you an update.
