Subject: Re: A Telemedicine Book to help Doctors & Staff Cope with the COVID-19 Overload

Thank you for your note.
A.S. Fauci.

Dr. Fauci:

If your predictions come true, the entire medical system will soon be overwhelmed. Only massive use of telemedicine will be able to cope with the overload.

I'm a former TV reporter, now full-time writer, with nine books in print. One of them - "Webcam Savvy for Telemedicine" -- can help those in the medical community quickly learn how to use this medium. It is available at amazon.com in both print & digital versions. https://smile.amazon.com/Webcam-Savvy-Telemedicine-Clarence-Jones/dp/1546501894/ref=sr_1_fkmr0_1?keywords=webca%2C+savvy+for+telemedicine&qid=1584307097&sr=8-1-fkmr0

I'll attach a PDF copy to this message & also send the same message without an attachment, just in case your system rejects messages with attachments. I can also overnight you a print copy if you'd like. Bulk pricing is available for both print & digital versions.

You've become a rock star in the current crisis. As a long-time on-camera coach, I don't think I could teach you a THING you haven't already mastered. Congratulations.
