Subject: names for WHO working group

Francis:

Derek Kan, Acting Deputy Director of OMB and a member of the President's Coronavirus Task Force called me last night and in a very nice way said he would like to send me a list of names for consideration to be on the working groups to examine the evolution of the nCoV. He worked as an executive in biotech prior to joining the USG and knows these individuals well. They are all people that we know and so I am just passing them on to you for our consideration.
