Dear Dr. Fauci -

Thank you for helping millions of people with your research over the years.

The following information was culled from <http://poleshift.ning.com>.

Perhaps this article may help you and your colleagues develop a vaccine that may combat the Corona Virus. You were the first one I thought of who may be able to deem its worth and explore its research for practical purposes.

Some of the links have included [nih.gov](http://nih.gov) so maybe your colleagues have already read this.

With my limited medical knowledge, I have taken the liberty to highlight key points that seem important.

Wishing you and yours all the best for remaining healthy in Mind, Body & Spirit.

Warm Regards & Appreciation,
