I am really worried about my country, about the countless deaths . Your advice to the president has proven really important to prevent the spread of the disease, however, in this nation, there is another epidemic based on lies and self-interest , now the people behind the fake news are targeting to you, one example is the post of an email that relates to you with the former Secretary of State, Hillary Clinton. This is why I decided to write a letter of support, I am sick of fake news, personal attacks and violation of the First Amendment , the right to have an opinion, to civil servants serving this country.

I ask you to continue your job, I want you to know that most Americans regardless of ideology are grateful of your service and sacrifice . A virus does not understand boundaries nor ideology , I am not an expert on this topic nor the president and politicians. Please guide us with the truth in these dire and dark days.
