Dear Tony,

I hope you are doing well despite your extraordinarily busy schedule addressing the COVID-19 outbreak.

I just wanted to send you a note to offer sincere thanks and deep admiration for your tremendous efforts to provide the public with clear, insightful and accurate information about this very serious public health threat and for your great leadership in helping to guide efforts to respond to it in the most effective and scientifically grounded way.

Our nation is so fortunate to have your full and expert engagement in this response.

I can only imagine how busy you are and you need not worry about responding to this note. However, I did want to share one voice of appreciation and thanks.

Very best,

Mark
