I watch CNN almost constantly to listen to your impressive wisdom. The world listens to you.

Shelly would be so proud of you in this world crisis as he was in the HIV-1 crisis. We will not see each other at the National Academy of Sciences meeting end of April, but hopefully next year. I very much enjoyed hearing you place the anecdotal use of chloroquine in its correct context. "Chloroquine is an awfully blunt tool and an indication of our desperation", Peter Libby wrote me recently. Tony, attached is a proposal (b) (4)

I need your guidance. I know you are terribly busy so I am copying Cliff. If there is anyone else who can help me, just forward the attachment.
