Subject: ASF: daily data call from Sec Ofc

Per request from the Secretary's office that I sent you this morning, below is what I propose to submit tomorrow morning for the new daily 9am data call. I will plan to submit pretty much the same thing every day. I will not clog your in-box with it unless there is a significant update.

RFI from Staff Sec:

1. For tomorrow's press conference, what information or topics do you recommend be included in the President's remarks? Please provide talking point-level details and support.

Nothing specific from NIAID at this time.

2. For tomorrow's press conference, on what information (if any) do you intend to speak?

Specific topics will depend on questions from reporters. Dr. Fauci has been asked about the effect of social distancing; considerations that would factor into returning the country to normal life; off-label use of treatments such as hydrochloroquine; the status of clinical trials; and the disproportionate impact of COVID-19 on communities of color.

NIAID-specific talking points:

- NIAID has mobilized a rapid research response to quickly develop effective countermeasures for COVID-19, including diagnostics, vaccines to prevent disease and treatments.
