Tak:

Thanks for the note. It likely will be more efficient if I refer you to the program people in my Institute who could go over these data with you and then get me involved later. The reason that is that I am doing 18 hours per day (seriously) as part of the White House Task Force and it would be very difficult for me to fit in a meeting to go over data. I have copied Dr. Cristina Cassetti who runs our coronavirus extramural research program. I will ask her by this e-mail to contact you to have our people discuss your work with you.

Best regards,

Tony

**Subject:** An Idea

Dear Tony,

It has been a while since we discussed science.
