I have gone over the document and have made a number of tracked changes. In addition, for ease of reading I have accepted all the tracked changes and am sending a clean copy. Hence there are 2 attachments: 1) one with all tracked changes; 2) a clean copy accepting all changes. Please note that the CDC has not announced the 3 additional cases and so depending on when this goes out we need to make sure that the official number is 11 and not still 8. Thanks!

Dr. Fauci –

Attached is the draft op-ed for your review. Greg, Hilary and I have added proposed edits in track changes. We will send back to CDC/HHS one document with all NIAID edits in track changes. HHS would like to get a draft to the White House at some point this evening.

Thanks,  
Jen
